

Versafloor

Versatray

Versital® manufactures a complete range of standard sized trays, although they are anything but standard. Choose from over 130 colours and finishes including marble, granite and sparkle. Many of these are available in a choice of finishes including textured, high gloss and satin.

Where Versital® differs from others is the ability to make trays to exact specifications. Any size, any shape. We can also make floors in whatever size or shape you require. This opens an enormous range of opportunities and choice for you. Your shower tray and floor will fit your design and your bathroom - Wet rooms, steam rooms and unusual shaped bathrooms are now possible. The Choice is yours!

#### TRAY AND FLOOR DETAILS

Versatray is available in square, oblong, quadrant and/or neo-angle. Being precision cast they have no joints and nowhere to harbour dirt. All that's left is to choose a colour and finish from the colour swatch.

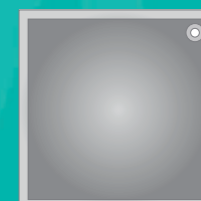

#### BESPOKE SHOWER TRAYS

If one of our standard trays just won't fit, for the ultimate in custom design you can specify the exact size and shape of your shower tray. No more problems trying to find a tray to fit. As with all the Versital® range you can choose from our extensive colour swatch of 130 colours and a choice of finishes.

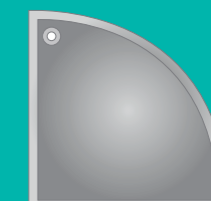

#### SQUARE AND OBLONG

Tray (Between 100 & 140 deep)	Floor (Between 40 & 50 deep)
760 x 760	760 x 760
