Versital offers **fully bespoke** shower trays with the option to choose the shape, size, colour and waste position.

Specifications

- Fully bespoke - manufactured to client's specifications.
- High quality solid cast stone resin material. Also known as cultured marble.
- Handmade to order in the UK.
- All aspects of shower trays can be customised including:
 - Height
 - Waste position
 - Shape and size
 - Colour option
- Textured anti-slip to standing area, category 2 suitable for domestic and hospitality installations.
- Shower trays are typically 50mm thick, but can be customised to your desired height.
- 90mm round waste aperture unless otherwise specified. Channel drains from McAlpine available on request.
- Multiple shower areas within one tray available.
- Technical diagrams will be supplied by Versital for confirmation upon placing order.
- Shower trays can be made to template to suit your exact shape or space available.
- Finished with a protective polyester gel coat. High gloss finish.
- The protective gel coat is fully stainproof - an ideal alternative to real marble.
- Available in over 90 colour options, including true to life marble and granite finishes, as well as high gloss sparkles and the exclusive metallic marbles.
- Matching and complementing shower panels and vanity tops available.
